**Subject:** Re: Preliminary Assessment Petition for North Pole sulfolane spill

Hello Sara,

Just a reply to let you know that I got your email and your petition requesting a CERCLA Preliminary Assessment. However (I'm sorry to be so bureaucratic), but could you please follow the procedures outlined in the following link:

[http://www.epa.gov/superfund/programs/npl\\_hrs/papetition\\_oct02.pdf](http://www.epa.gov/superfund/programs/npl_hrs/papetition_oct02.pdf)

What is missing is a name and signature (and date) on who is submitting the petition. And the petition should be addressed to the Regional Administrator:

Dennis J. McLerran, Regional Administrator  
EPA - Region 10  
1200 Sixth Avenue, Suite 900  
Seattle, WA 98101

All the other info included in the petition is okay.

In the mean time, I will forward your petition request to Brandon Perkins, Site Assessment Manager, of my staff who will take the lead on your petition. Mr. Perkins can be reached at 206-553-6396 or [perkins.brandon@epa.gov](mailto:perkins.brandon@epa.gov)

Feel free to give either Mr. Perkins or myself a call if you have questions about the process or the status of your request.

---

Dear Ms. Kawabata,  
Attached is a Preliminary Assessment Petition for the North Pole sulfolane spill. Please let me know that you have received this email and if I should send it to anyone else.

Thank you,

Sara
